A Note on Learning Systems and Assessments

Learning systems:

Exams

Exams will be given in class on the days listed. If you miss an exam with a valid excuse (e.g. a note from your doctor or Wardenburg), then the weight of your final will be increased. Undocumented illnesses do not count as valid excuses (as long as this is not in conflict with a University policy).

Incompletes, Extra Credit, etc.:

beyond their control

satisfactorily completed

I am adamant about giving each student an equal opportunity to perform well in the course, so there will be no extra credit opportunities that are not offered to the entire class. You should focus your efforts on learning the material and doing well on the exams.

Attendance Policy:

Disabilities
