This is the course - it will be posted here"

Efficient hours:

Monday 10:00am - 11:00am

Prerequisites:

The load of this class is moderate - it is the same as the other courses in the business and economics department, and it is a good preparation for the systems and data science, and data science courses.

Textbook:

(The textbook, by the author, is available for purchase at the bookstore. This is a very good reference book, which can be used for refreshing your knowledge of algebra and calculus."

Calculator:

As this is a course designed for each major

Business.

A basic scientific calculator is recommended for these courses, but a handheld calculator may be used if you do not have one at home; however, you cannot use a "rational" calculator on the exam."
